Foreword

The 1965 DEN is dedicated to two things, a person and a purpose. The person is disclosed on the fourth and fifth pages, the purpose is revealed on this page and is continued on the sixth through eighth pages.

The student body of South Oak Cliff has been given a not rare but very valuable privilege. That privilege is being allowed to be a student at SOC. High school is the last stage of a dual purpose training program. First, it prepares the inexperienced youth to meet the world. Secondly, it supplies a foundation for those students planning to continue their education. It would be only good judgment to take advantage of this privilege.

A note of special interest: Mike Gorman and Jerry Essex were respectively the first two SOCites to order a DEN. Although the editor was the last to order one, he will be one of the first to receive his annual.

Dedication . . .

The Den Staff takes great honor in dedicating the 1965 DEN to Mr. J. F. Kelsay.

Mr. Jolly F. Kelsay came to South Oak Cliff High School this year from Zumwalt Junior High School where he served as principal for several years. Before that, he had been principal, teacher, and coach at other Dallas Schools.

As of the end of this school year, many compliments could and should be said about this man. The fashion in which he has executed administrative policies has been appreciated as well as his words of encouragement at appropriate moments . . . his personal participation in all phases of school activities, particularly his emphasis on academic achievement . . . his discipline which has made us better people . . . and finally, his devotion to South Oak Cliff and its student body.

Of all the things that could be said, perhaps the most eloquent and meaningful would be simply **thank you Mr. Kelsay for making this school a better school.**

—the DEN STAFF

Mr. Kelsay announces Phyllis Kelley as SOC's basketball queen for 1965.

Mr. J. F. Kelsay

An avid sports fan, Mr. Kelsay attended most athletic events at which South Oak Cliff was represented.

Congratulations after victory and encouragement after defeat typify a man of unusual temperament and character.

This picture needs no caption for those who were there.

—the faculty basketball game

A student encounters a variety of experiences at school. Of these, naturally, the most important is learning. A teacher's job is to aid the processes of education. For this assistance, the student should be grateful. However, there are many things that are to be learned and developed at school which are not presented in classroom fashion nor by a teacher.

The average student by the time he graduates will have had ample opportunity to become a member of some group attempting to attain a goal, or complete a project. In the course of this activity there will be occasion to meet with fellow students to discuss various incidentals which are pertinent to the group. It will be necessary to formulate policies and make decisions. It will be necessary to accept, share, and delegate duties and responsibility.

It will be necessary to learn to become part of a team, coordinating one's efforts and thoughts with those of his fellows.

The successful completion of these duties will build character and provide the moral determination needed to enable one to enter the world of adults. But for those who refuse to accept responsibility, there exists only the possibility of failure.

The student that makes the most of school while the opportunity exists will be well prepared to meet the challenge of the future. He will be the one that is able to chart his own course and make his own decisions.

Graduation forces everyone's eyes on the future. Which path do your abilities allow you to choose?

Assistant Principal

—— Mr. Ed Artmann

1965 was Mr. Artmann's second year as Assistant Principal. As this second year draws to a close, a great deal could be said about the exemplary manner in which he performed his duties and discharged his responsibilities. However, suffice it to say that he has been an outstanding administrator and a man to whom much is owed by the entire student body.

Student teacher day found Mr. Artmann comparing notes with Mark Meeks on the manner of decisions to make in running a school.

Congratulations were in order for the Golden Bears as they became Tri-Champs of the Zone.

Chaperoning the Senior Prom was one of the easier duties Mr. Artmann had this year.

Zone-Tri Champs

Raymond Mattingly—Head Coach

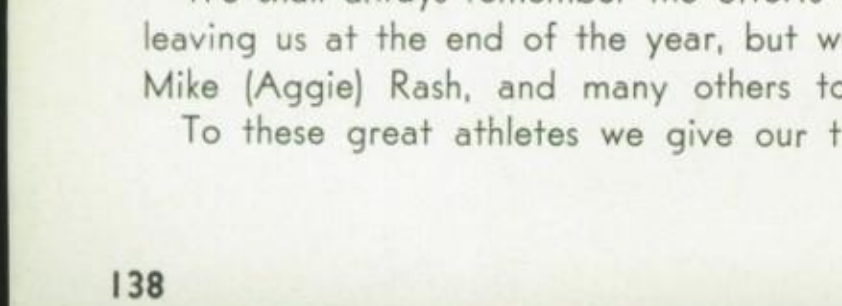
The head coach of a football team must have many abilities. Among these he must have the respect of the football team and the student body. Coach Raymond Mattingly has accomplished this. He has shown the Golden Bears the way to a tri-district championship and has been acclaimed as South Oak Cliff's greatest coach. The memory of his coaching will live for many years to come.

Norman Jett, Assistant

Coach Jett is the line coach for the Bears and has shown outstanding ability in this field. We of S.O.C. feel that our interior line is one of the best in the city and would like to thank Norman Jett for his superb coaching and his leadership.

Ed Miller—Assistant Coach

Coach Miller has spent many days preparing our ends and secondary for a great season of football. Without his work we would surely be weak at these positions. For his great work we thank Coach Ed Miller.



The '64 football season was one of heartbreak for many athletes and fans. This year was expected to be one of the best in SOC's history, but the squad couldn't seem to work the right combination it takes to have a perfect season.

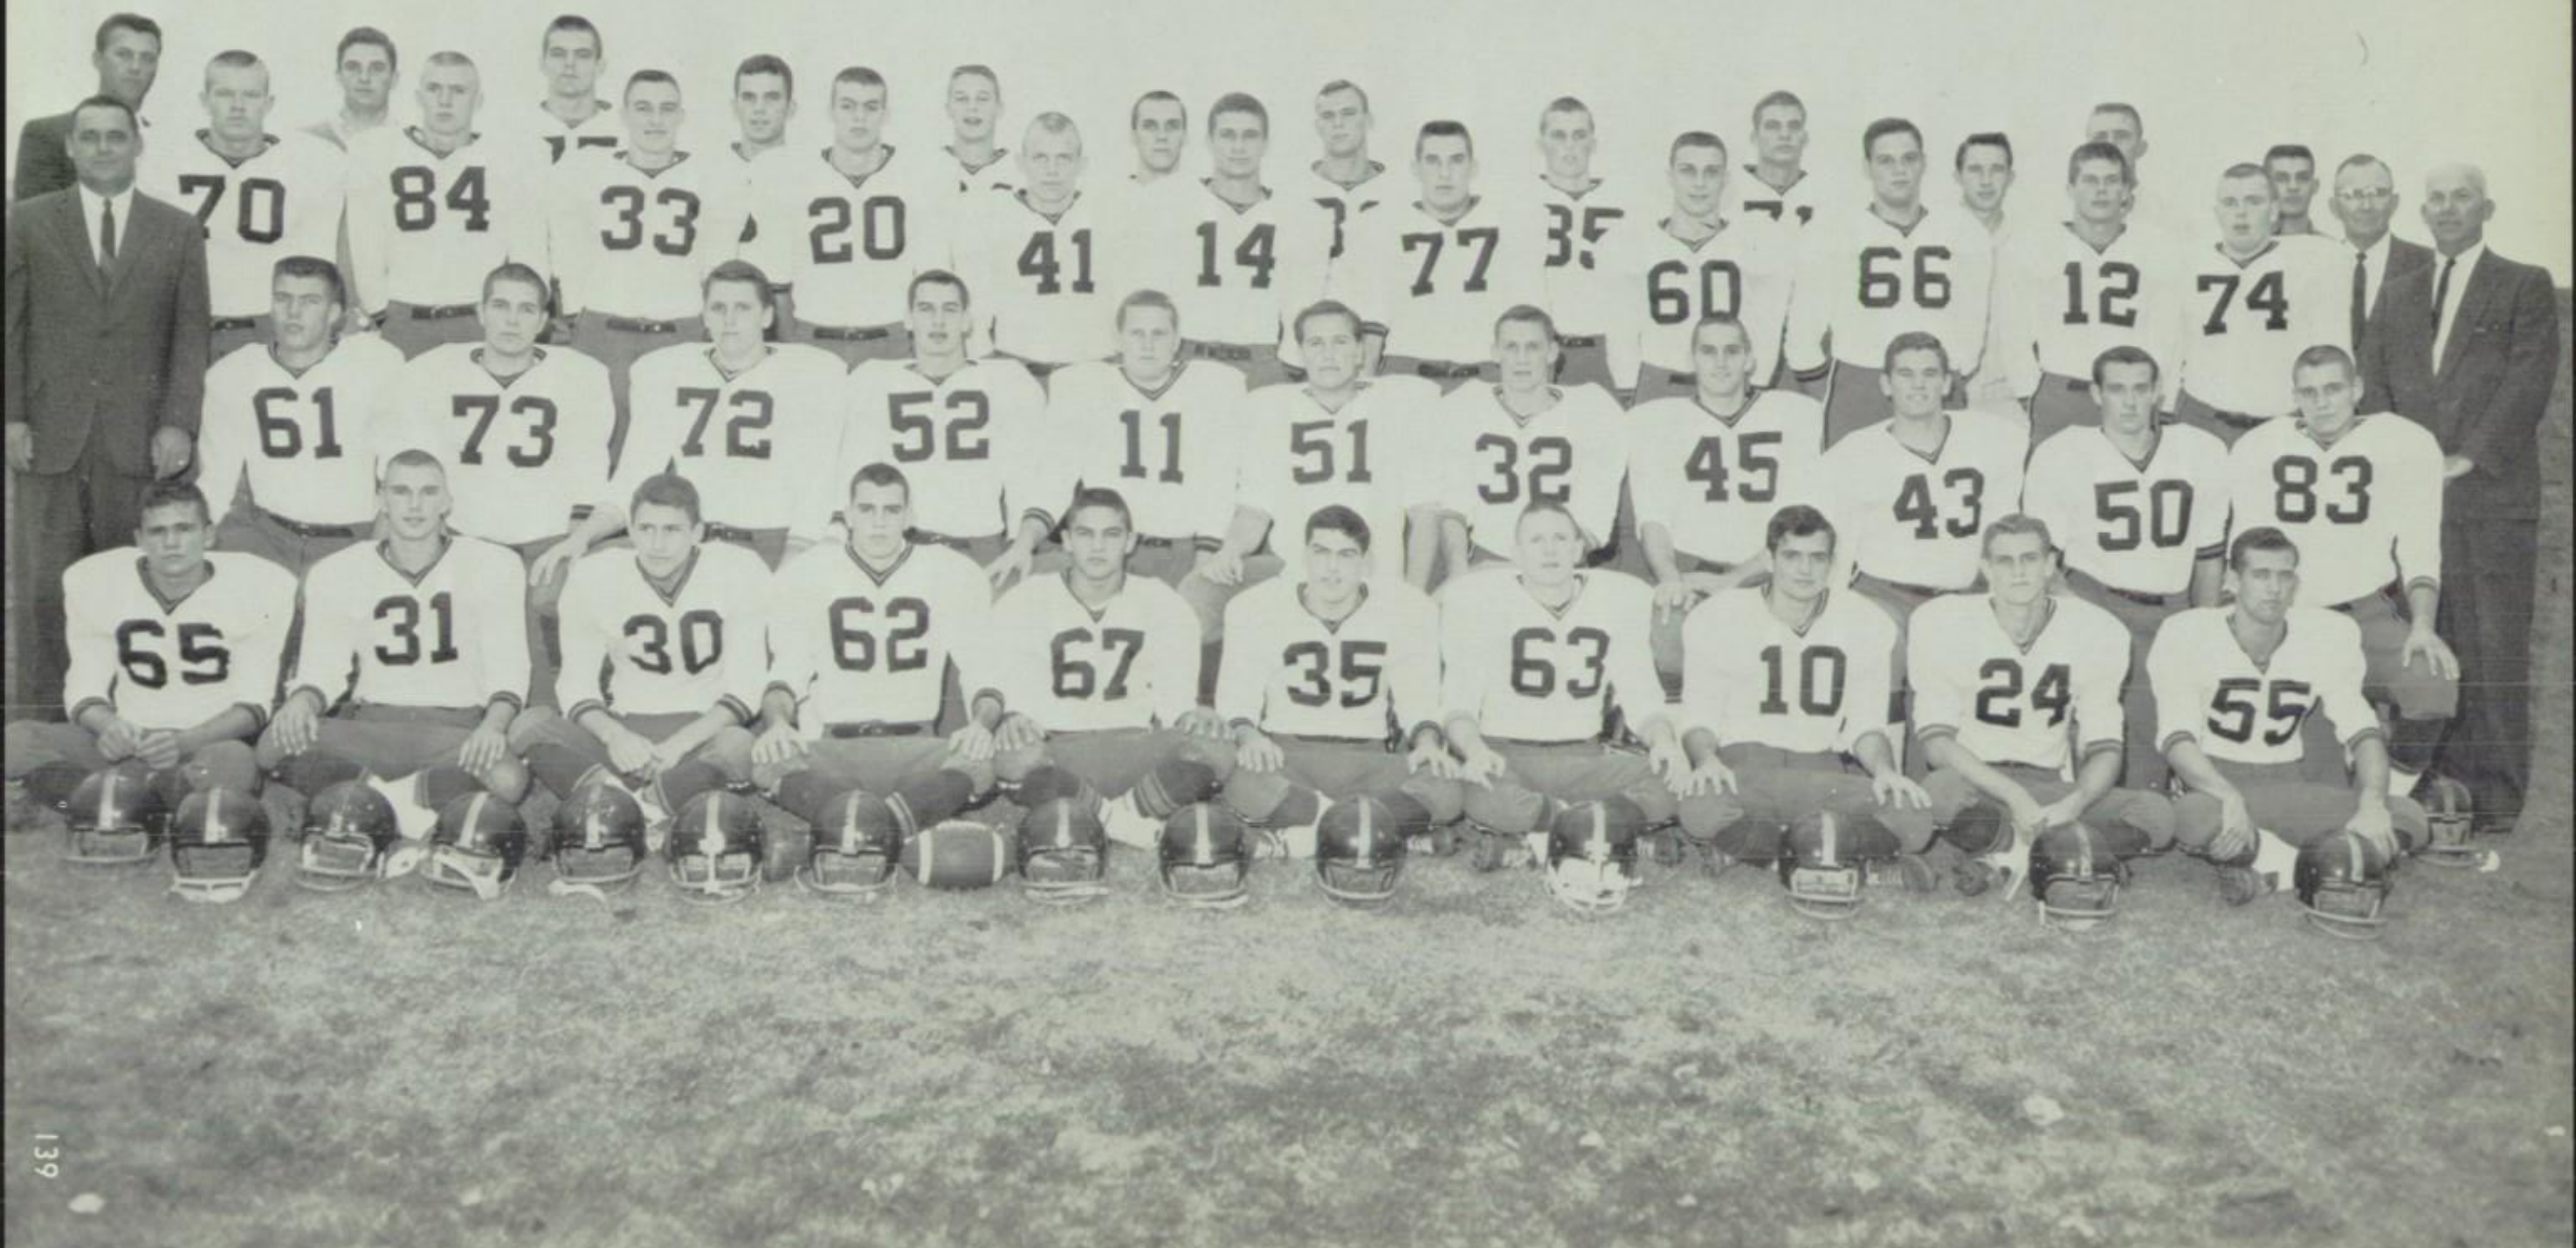
At the opening game the BEARS faced the Gophers of Grand Prairie and from the opening kickoff the BEARS showed great form and told many that the season would truly be one of the greatest in SOC's history. But as the season wore on the BEARS seemed to have a problem of getting together on the field and lost a few close games.

In the zone play, however, the BEARS lost only one game and went on to capture a spot in the zone crown along with two other teams.

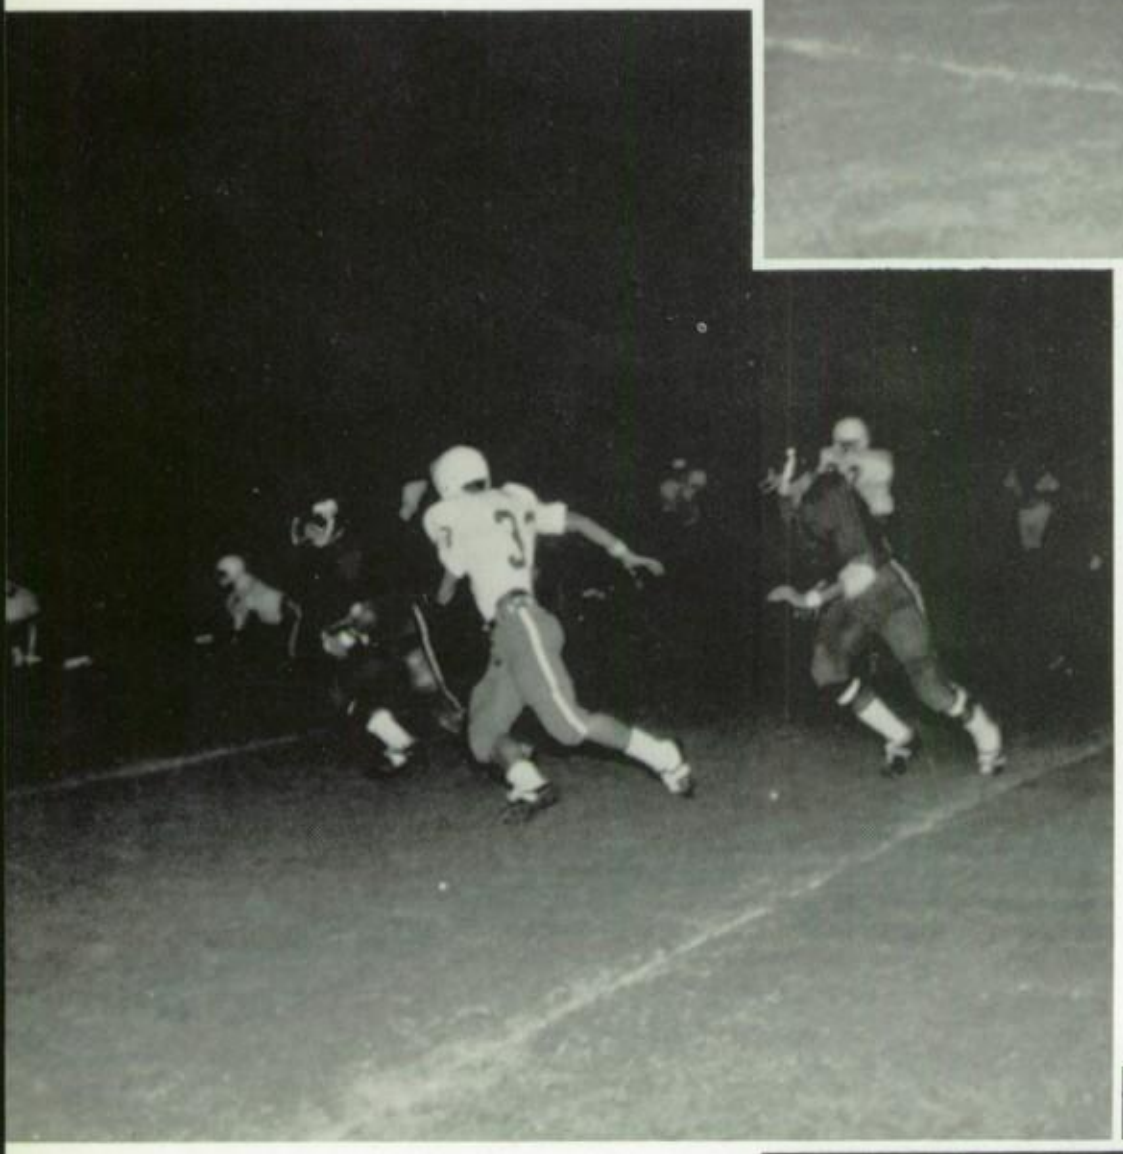
We shall always remember the efforts of our team and many players will follow in the footsteps of the boys leaving us at the end of the year, but we will always remember such athletes as: Jackie Allen, Jerry Hopkins, Mike (Aggie) Rash, and many others too numerous to name.

To these great athletes we give our thanks for a truly great year.

6-AAAA District Tri-Champs



S.O.C. V.S. Grand Prairie



Highlighted by Ulmen's and Anderson's team work on a 90 yard jaunt to pay dirt, the S.O.C. Bruins captured a 13-0 victory over Grand Prairie. S.O.C.'s defense showed poise in this the season opener and the offense provided the battering ram to spur the Bruins on to victory.

S.O.C. V.S. Spring Branch

In the Bears' second tilt, the Bruins were matched with the number 6 team in the state. The battle was long and humid, and when the mud settled the Spring Branch Bears were on top with a 14-0 win.

S.O.C. VS Samuell

Against the Spartans, the Bears showed the poise of real champions by being able to come back after a loss, and defeat Samuell in an evenly matched duel. The Bruins had yet been able to get their offense and defense together, but they brought home a 14-0 victory.

In S.O.C.'s fourth gridiron duel, the Bears were matched against the Panthers of Hillcrest, ranked number 6 in the state.

In the first half the Panthers took a 14-0 lead, but in the closing seconds of the half Allen took a short pass and out ran the entire Hilcrest team. But as the smoke cleared the Bruins were down 28-14.

S.O.C. VS Bryan Adams

With the Cougars of Bryan Adams, came S.O.C.'s second defeat in a row. The wilted bruins were slow in moving against the Cougars, and were forced to accept a narrow loss. The final score was Bryan Adams 7 — S.O.C. Bears 6.

S.O.C. VS Adamson

After the two losses, S.O.C. retaliates with a big win against Adamson. This game became the proving ground for the Bruin's ability to come back.

Adamson scored first and led for only a few minutes, because on the kickoff the Bears determined to come back, cleared the way for an eighty yard jaunt by Jackie Allen. The final score was S.O.C. 21 — Adamson 7.

S.O.C. VS Woodrow

All the hopes of the S.O.C. Bruins went down the drain of a muddy Cobb football field as the Wildcats of Woodrow Wilson slipped up to steal victory from the grasp of many S.O.C. hopefuls on the field and seated in the stands.

S.O.C. scored twice to take an early lead in the first half, only to be defeated in a close game, in which the Wildcats were victorious and left the field leading 19-14.

Bears Edged by WW 19-14

S.O.C. VS Kimball

In the closing game of the season, the Bears were determined to be defeated no more. In the most perfectly played offense and defense were found the ingredients of success. The Bruins kanned the Knights by smashing their hopes of an undefeated season. The S.O.C. Bears 21 — Kimball Knights 13.

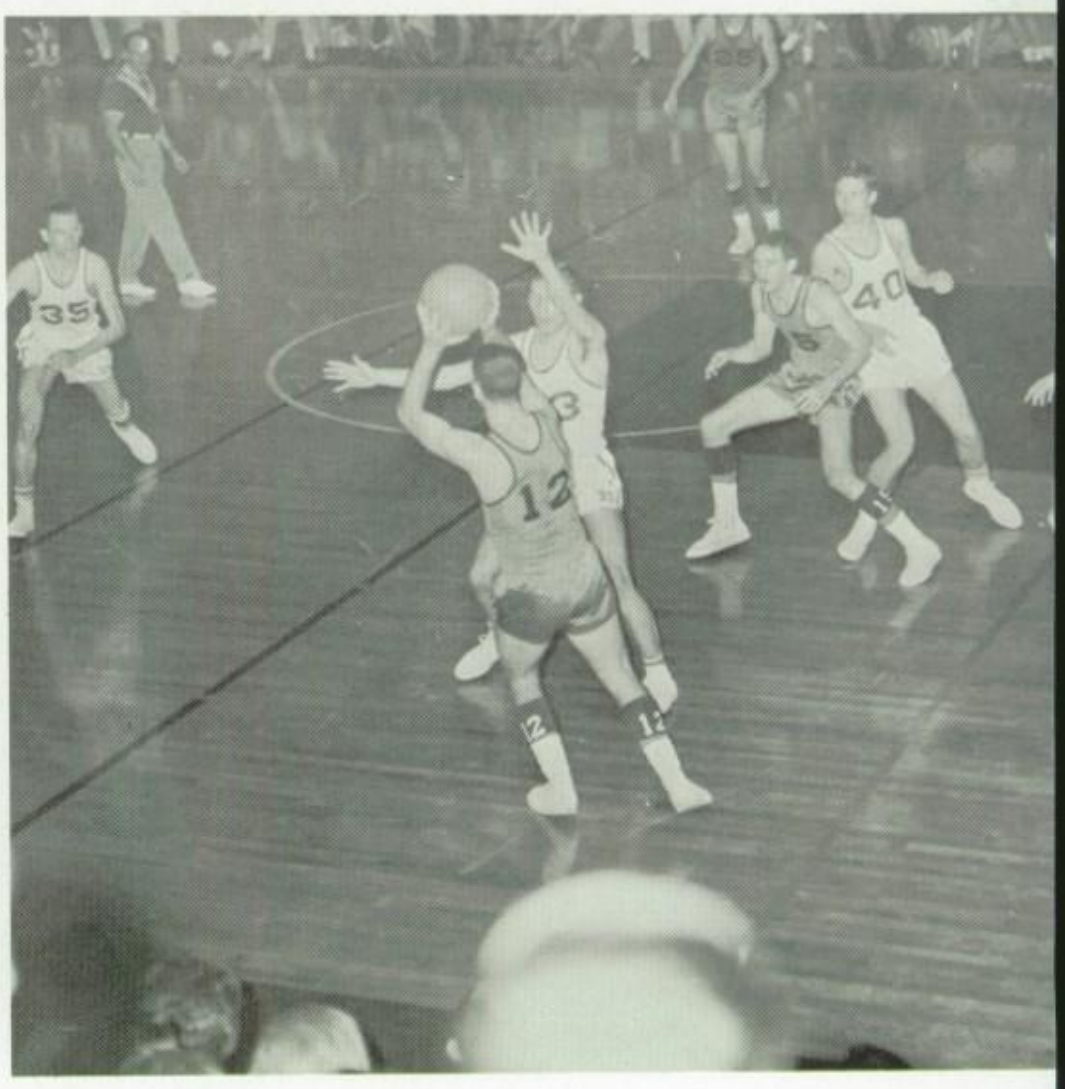
Basketball Team

64-65



Seeking a way to describe the 64-65 basketball season would be almost or not quite. The Bears showed determination in playing, but the score board shows the team in 3rd place in zone at the season's end.

Although finishing third, coach Norman showed the outstanding coaching ability that characterizes a great basketball coach. Basketball is a tense sport, and the Bears carried on the South Oak Cliff tradition by showing great sportsmanship throughout the season.

Prom

I could have danced all night . . .

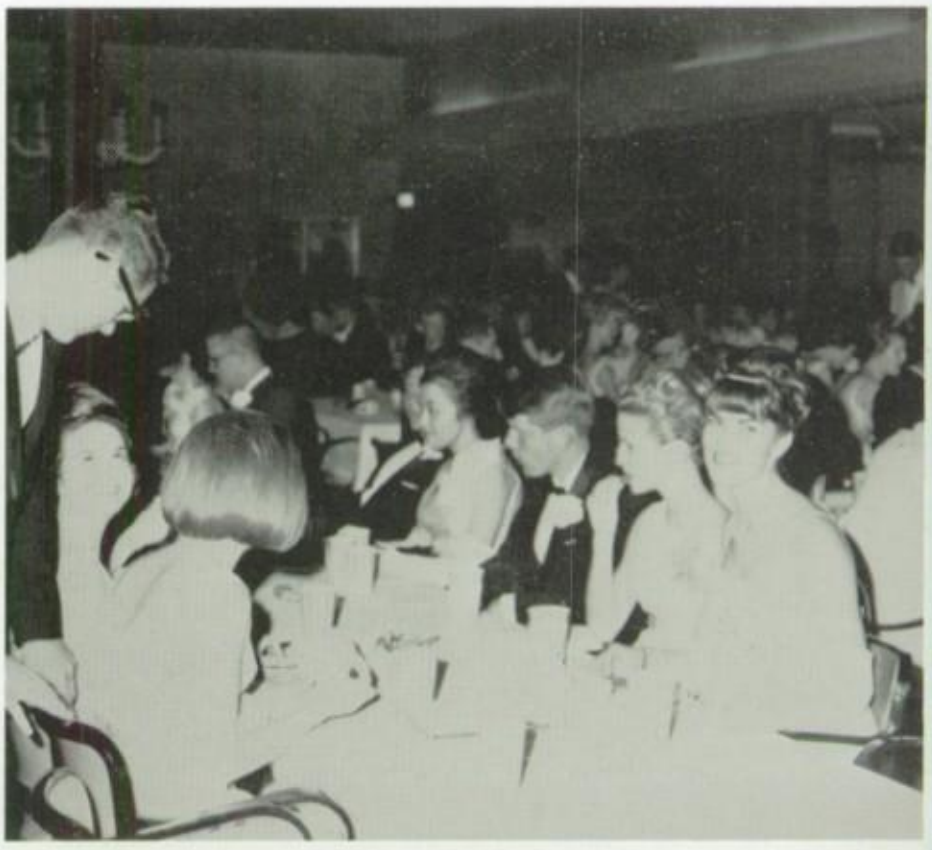
Don't kid yourself. This is murder in a formal.

And furthermore, if elected, I promise . . . . .

M'am, do we look like we'd do something like that???



My name is Pam and my number is . . .
